MEMORANDUM FOR THE RECORD

SUBJECT : Conversation with DD/P on 14 June 1961 re FY 61 Savings

1. Mr. Bissell called 14 June to inquire about the status of the final FY 61 projected report which I had earlier promised him by COB 16 June. He asked if it were not possible to give him the "numbers" that would be contained in the report, even though it had not reached firm form. Apparently he needed these for some last minute switches within the DD/P area.

2. Mr. [] very rapidly produced a figure for me which was as follows:

Allocation
Estimated Obligations
Estimated Savings
Savings Reflected in 2 May
Financial Report
Difference

3. I gave Mr. Bissell the above figures, and he seemed quite pleased with them. I asked him to be sure not to hold us to them more than \$10 on either side of the amount. He replied by saying that he might go even as high as \$50 or \$100 on the other side of either figure.
